Membership is FREE.

The event was filled with laughter, music, and plenty of green. Attendees enjoyed an afternoon of dancing, delicious green nachos, and refreshing punch. A special highlight of the celebration was a lively performance by the line dancing class led by Susy, which had the crowd smiling and tapping along.

Adding a touch of magic to our St. Patrick's Day celebration, our resident leprechaun made a special appearance throughout the building! Spreading joy and smiles wherever they went, the leprechaun delighted everyone with festive cheer and playful spirit.

We extend our heartfelt thanks to the wonderful volunteers from the Friends of the Moreno Valley Senior Center, whose dedication helped make this event such a success.

We are also deeply grateful to our generous sponsors for their support: Dr. Rios from Clinica Medica Familiar, Jessica from Welbe Health, Friends of the Moreno Valley Senior Center, Dara from Royal Benefit Insurance Service. Thank you to everyone who joined us for this memorable celebration. We look forward to many more joyful events together!

Sign-Up to enjoy your lunch with a birthday treat.

**25 And Counting
By Carla Thomas**

I have the mind of a 25-year-old most of the time. Okay, okay, when I use a fast-food kiosk and wind up with 3 extra sides maybe my hand slipped. When I try to remember names of people 3 days after I meet them maybe I'm a tad over 25. When I watch YouTube and I believe that a full-grown gorilla catches a little girl that fell into their enclosure and hands it to the people above I'm slightly over that 25 thing

When I don't remember what day it is almost every day, it could be because I'm up there. When I ask, "You can do that?", when introduced to a new function on my iPhone maybe, just maybe I'm slightly above 25. I guess when I walk into a bedroom to get something and I can't remember what I was going to get, I guess that 25-year thing might be a little higher. When people use letters to communicate and I have to ask about what it stands for, I think I'm farther away from 25 than I realize. You think?

Essay of Love

You don't stop loving and wanting to be loved no matter how old you are. You still want to feel that feeling. It's like no other and in spite of sometimes thinking it's impossible, I've learned that it is because love is much more than a physical attraction, although that would be nice too.

Love for me is getting something positive from another's mind and giving another person your positive mind. If two people disagree they listen to each other. If two people agree, you get an aura, almost unimaginable happiness from each other.

"The Cure", a rock singer said it best. "Love should make you feel that you're at home again. Love should make you feel that you're free again. Love should make you feel that you're young again."
